THE DATA GROUP INCOME FUND
Management Proxy Circular for the Annual Meeting of Unitholders
to be held on May 17, 2006

Solicitation of Proxies

This management proxy circular (the “Circular”) is furnished in connection with the solicitation of proxies on behalf of the trustees of The Data Group Income Fund (the “Fund”) by management of Data Business Forms Limited (the “Company”), the Fund’s wholly-owned subsidiary, to be used at the Fund’s annual meeting (the “Meeting”) of the holders (“Unitholders”) of units of the Fund (“Units”) to be held on May 17, 2006 or at any adjournment thereof. It is expected that the solicitation will be primarily by mail, but proxies may also be solicited personally, by advertisement or by telephone by regular employees of the Company without special compensation, or by the Fund’s transfer agent, Computershare Trust Company of Canada, at nominal cost. The cost of solicitation will be borne by the Fund.

Appointment of Proxies

Enclosed with this Circular being sent to holders of Units is a form of proxy. The persons designated in the enclosed form of proxy are David Odell, a trustee of the Fund and the President and Chief Executive Officer of the Company, and Derek Ridout, a trustee of the Fund. **Each holder of Units has the right to appoint some other person (who need not be a Unitholder of the Fund) to attend, vote and act on their behalf at the Meeting. This right may be exercised by inserting the person’s name in the blank space provided in the enclosed form of proxy or by completing another instrument of proxy. The instrument appointing a new proxy must be in writing and must be signed by the Unitholder or their attorney therefor duly authorized in writing.** In order to be valid, proxies must be delivered, in original form or by fax at 1-866-249-7775, so as to reach or be deposited with the Fund, c/o Computershare Trust Company of Canada, 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1, Attention: Proxy Department, no later than 5:00 p.m. (Toronto time) on May 16, 2006 or, if the Meeting is adjourned, not less than 24 hours (excluding Saturdays, Sundays and statutory holidays in the City of Toronto) before the time set for the adjourned Meeting.

Only registered holders of Units or the persons they appoint as their proxies are permitted to vote at the Meeting. However, in many cases, Units beneficially owned by a person (a “Non-Registered Holder”) are registered either (i) in the name of an intermediary (an “Intermediary”) (including, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSP’s, RRIF’s, RESP’s and similar plans) that the Non-Registered Holder deals with in respect of the shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant. In accordance with the requirements of the Canadian Securities Administrators, the Fund will have distributed copies of the Notice of Meeting, this Circular, the enclosed form of proxy, the financial statement request form and the financial statements for the year ended December 31, 2005 (collectively, the “meeting materials”) to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders of Units.

Intermediaries are required to forward the meeting materials to Non-Registered Holders and often use service companies for this purpose. Generally, Non-Registered Holders will either:

- be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Holder, but which is otherwise not completed. This form of proxy need not be signed by the Non-Registered Holder. In this case, the Non-Registered Holder who wishes to submit a proxy should properly complete the applicable form of proxy and submit it to the Fund, c/o Computershare Trust Company of Canada, 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1, Attention: Proxy Department, with respect to the Units beneficially owned by such Non-Registered Holder, in accordance with the instructions elsewhere in this Circular; or

- more typically, be given a form of proxy which is not signed by the Intermediary and which, when properly completed and signed by the Non-Registered Holder and returned to the Intermediary or its service company, will constitute authority and instructions (often called a "proxy authorization form") which the Intermediary must follow. Typically, the Non-Registered Holder will be given a page of instructions which contains a removable label containing a bar-code or other information. In order for the form of proxy to validly constitute a proxy authorization form, the Non-Registered Holder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit the Non-Registered Holder to direct the voting of the shares he or she beneficially owns.

Should a Non-Registered Holder who receives either form of proxy wish to vote at the Meeting in person, the Non-Registered Holder should strike out the persons named in the proxy and insert the Non-Registered Holder's name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or proxy authorization form is to be delivered.

Revocation of Proxies

A registered holder of Units who has given a proxy may revoke the proxy (a) by completing and signing a proxy bearing a later date and depositing it as previously described, or (b) by depositing an instrument in writing executed by him or her or by his or her attorney authorized in writing (i) at the registered office of the Fund at any time up to and including the second last business day preceding the day of the Meeting or any adjournment thereof, or (ii) with the Chairman of the Meeting prior to the commencement of the Meeting on the day of the Meeting or any adjournment thereof, or (c) in any other manner permitted by law.

A Non-Registered Holder may revoke a proxy authorization form (voting instructions) or a waiver of the right to receive meeting materials and to vote given to an Intermediary at any time by written notice to the Intermediary, except that an Intermediary is not required to act on a revocation of proxy authorization form (voting instructions) or of a waiver of the right to receive materials and to vote that is not received by the Intermediary at least seven days prior to the Meeting.

Voting of Proxies

On any ballot that may be called for, shares represented by properly executed proxies in favour of the persons specified in the enclosed form of proxy will be voted for or against or withheld from voting in accordance with the specifications made therein. **If a specification is not made with respect to any matter to be voted on at the Meeting, Units will be voted in FAVOUR of those matters set out in the enclosed proxy.** The enclosed form of proxy confers discretionary authority upon the persons specified therein with respect to amendments or variations to matters identified in the accompanying notice of meeting, and with respect to other matters which may properly come before the Meeting. As of the date of this Circular, the management of the Fund is not aware of any such amendment, variation or other matter to come before the Meeting.

Voting Units and Record Date

The Fund was established pursuant to a declaration of trust (the "Declaration of Trust"), amended and restated as of December 14, 2004. Pursuant to the terms of the Declaration of Trust, Unitholders of record at the close of business on April 17, 2006 are entitled to notice of and to attend the Meeting in person or by proxy and are entitled to one vote per Unit held. On April 17, 2006, there were 14,861,333 Units issued and outstanding.

Unless otherwise required by law or pursuant to the Declaration of Trust, every question coming before the Meeting will be decided by the majority of the votes duly cast on the question. The quorum at the Meeting will consist of two or more persons present in person either holding personally or representing as proxies in the aggregate at least 10% of the votes attached to all outstanding Units.

Any Unitholder of record at the close of business on April 17, 2006 is entitled to vote the Units registered in his or her name at that date on each matter to be acted upon at the Meeting.

Under normal conditions, confidentiality of voting is maintained by virtue of the fact that proxies and votes are tabulated by the Fund's transfer agent. However, such confidentiality may be lost as to any proxy or ballot if a question arises as to its validity or revocation or any other like matter. Loss of confidentiality may also occur if the trustees of the Fund decide that disclosure is in the interest of the Fund or its Unitholders.

Principal Unitholders

To the knowledge of the trustees of the Fund and the directors and officers of the Company, as at April 17, 2006 only Goodman & Company, Investment Counsel Ltd. and Sentry Select Capital Corp. beneficially owned, directly or indirectly, or exercised control or direction over, more than 10% of the voting rights attached to the Units. In a report filed on the Canadian Securities Administrators' System for Electronic Document Analysis and Retrieval ("SEDAR") on January 10, 2005, Goodman & Company, Investment Counsel Ltd. ("G&C") disclosed that G&C, on behalf of one or more of the mutual funds or other client accounts managed by it, held 2,966,800 Units, representing approximately 19.96% of the outstanding Units. In a report filed on SEDAR on March 10, 2006, Sentry Select Capital Corp. disclosed that one or more of its mutual funds or other managed client accounts held in the aggregate 1,485,400 Units, representing approximately 10% of the outstanding Units.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Fund is committed to a high standard of corporate governance practices. These initiatives have addressed corporate governance issues generally and, in particular, issues related to accounting controls, disclosure standards, board oversight, appropriate management incentives, board independence and other matters. Effective June 30 2005, Canadian securities regulatory authorities adopted *National Instrument 58-101: Disclosure of Corporate Governance Practices* ("NI 58-101") and NP 58-201 with the objective of providing greater transparency to Canadian capital markets regarding public company corporate governance practices. Notes:

- (1) Represents a closing bonus paid upon closing of the Fund’s initial public offering in December 2004.
- (2) Pursuant to the terms of the Company’s long-term incentive plan, one-third of the amount shown in this column vested on the date of grant and the remaining amount will vest in equal portions in 2007 and 2008, subject to the terms of such plan. See the table below entitled “LTIP Awards in Most Recently Completed Financial Year” and “Long-Term Incentive Plan”.
- (3) Represents annual contributions to the Company’s defined contribution pension plan.

Long-Term Incentive Plan

The Company has established a long-term incentive plan (the “LTIP”) for key senior management of the Company and its affiliates. The purpose of the LTIP is to provide eligible participants with compensation opportunities that will encourage ownership of Units, enhance the Company’s ability to attract, retain and motivate key personnel, and reward key senior management for significant performance and associated per Unit cash flow growth of the Fund. Pursuant to the LTIP, the Company will determine a cash award based upon the amount by which the Fund’s per Unit distributable cash exceeds certain per Unit distributable threshold amounts. That cash award will be allocated to each participant and the participant’s entitlement to the allocated amount will vest in the manner determined by the Compensation Committee. The unvested portion of any such allocated amount will not be paid by the Company to the participant until the funds have vested. As ownership in the allocated amount vests for a participant, a third party agent will then purchase Units in the market on behalf of the participant with the after-tax amount of such allocated award. The LTIP is administered by the Compensation Committee of the Board of Directors. The Board of Directors has the power to, among other things, and upon the recommendation of the Compensation Committee, determine (i) those individuals who will participate in the LTIP, (ii) the level of participation of each participant and (iii) the time or times when the participant’s ownership of cash awards will vest for each participant.

The percentage amount of that excess which forms the LTIP incentive pool is determined in accordance with the table below:

Percentage by which Distributable Cash per Unit Exceeds Base Distributable Cash Threshold ⁽¹⁾	Maximum Proportion of Excess Distributable Cash Available for LTIP Payments
5% or less	10%
Greater than 5% and up to 10%	15%
Greater than 10%	20%

Note:

- (1) Annualized for fiscal periods of less than 12 months.

The base distributable cash threshold is subject to adjustment by the Compensation Committee, from time to time, as targets are met.

The following table sets forth LTIP grants made to the Named Executive Officers in the fiscal year ended December 31, 2005. In accordance with the terms of the LTIP, one-third of the total after-tax cash award made to the Named Executive Officer will be used to purchase Units. The remainder of the cash award is subject to vesting in equal amounts in 2007 and 2008 and the after-tax amount of the cash award will be used to purchase Units when ownership of the cash award vests in the Named Executive Officer.

Pension Plan

Paul O'Shea, a Named Executive Officer, participates in the Company's defined benefit pension plan (the "Plan"), together with certain other employees of the Company.

Pension benefits under the Plan are based on 1% of the employee's best five year average pensionable earnings (not to exceed the final five year average Year's Maximum Pensionable Earnings set each year by the Canada Pension Plan ("YMPE")) plus 1.75% of the employee's best five year average pensionable earnings in excess of YMPE, times the number of years of service. For pension benefit purposes, pensionable earnings equal basic salary, bonuses and all other forms of remuneration. The maximum annual pension benefit under the Plan is \$1,722.22 times the number of years of credited service. For purposes of computing the total retirement benefits, Mr. O'Shea's estimated years of credit service at normal retirement (age 65), as at December 31, 2005, is 35 years. Mr. O'Shea's annualized pensionable earnings and pensionable service at December 31, 2005 was \$250,503 and 20 years and 7 months, respectively.

The following table sets forth the estimated annual benefits available to Mr. O'Shea upon normal retirement (age 65) for specified levels of compensation and years of pensionable service.

Employment Agreements

Each of David M. Odell, the Chief Executive Officer of the Company and Paul O'Shea, the Chief Financial Officer of the Company are parties to an employment agreement with the Company. Pursuant to the terms of these employment agreements, the President and Chief Executive Officer receives a base salary of \$450,000 per annum and the Chief Financial Officer receives a base salary of \$200,000 per annum. Each such officer is entitled to such cash performance bonuses and incentives (including participating in the LTIP) as are determined from time to time by the Compensation Committee. Pursuant to these employment agreements, such officers are entitled to the payment of up to 24 months' base salary plus earned but unpaid performance bonuses and LTIP payments in the event of the termination of their employment without cause or in the event of the termination of their employment following a change of control. These employment agreements also provide for, among other things, confidentiality, non-solicitation and non-competition covenants in favour of the Company.

The non-solicitation and non-competition covenants apply during the term of employment and for two years following resignation or the termination of employment by the Company for any reason.

These employment agreements are subject to review and change as determined by the Compensation Committee and approved by the board of directors of the Company from time to time.

REPORT ON EXECUTIVE COMPENSATION

The Company's executive compensation policy is designed to provide motivation and incentives to the Company's executives with the view to enhancing Unitholder value and successfully implementing the Company's business plans to recognize the scope and level of responsibility of each position, to provide a competitive level of total compensation to all executives and to reward superior performance and achievement.

The key components for executive compensation include base salaries, cash bonuses, grants under the LTIP and benefits such as medical and dental insurance. Levels of compensation are established and maintained with the intent of attracting and retaining quality employees. The Company's policy for total compensation aims to maintain total compensation levels that are competitive with those of the printing and document management sectors. To ensure the successful implementation of this policy, the Company retains the services of independent compensation consultants to gather information regarding the compensation practices of companies of comparable size in the printing and document management sectors in Canada.

The base salary for each executive of the Company is reviewed annually based on the individual's level of responsibility, competitive compensation levels offered in the markets in which the Company operates, the importance of the position to the Company and the individual's contribution to the Company's performance.

During 2005, the Compensation Committee reviewed executive compensation, including base salaries, cash bonuses, units granted under the LTIP, and benefits. As part of its review, the Committee conducted an analysis of executive compensation in comparable companies for certain key positions. The Compensation Committee considered the comparative analysis together with the results achieved by the Company during the year relative to the Company's objectives when deciding to recommend salary adjustments. Cash bonuses were determined by the Company's performance relative to achievement of its quarterly earnings before interest and taxes ("EBIT") and its annual targets regarding distributable cash. Quarterly bonuses were paid from the first dollar of EBIT earned by the Company. Awards under the LTIP are determined by the extent to which cash available for distribution exceeds the threshold of \$1.125 per Unit per year, and the Committee's view of the individual's performance during the year. During 2005, the Company's distributable cash exceeded the threshold required by the LTIP by \$0.237 per Unit, which resulted in the participation rate of 20%. The Company determined to award an aggregate of \$704,563 as required by the provisions of the LTIP, which will vest over a three-year period.

Compensation matters relating to the Chief Executive Officer are approved by the board of directors of the Company on the recommendation of the Compensation Committee. Mr. Odell is subject to an employment agreement with the Company dated December 14, 2004, as amended. In consideration for his services, Mr. Odell receives a base salary, various fringe benefits, and a cash bonus based on the actual level of EBIT and distributable cash achieved by the Company for the year in comparison with Company targets with respect to EBIT and distributable cash, as established by the board of directors of the Company. In addition, Mr. Odell is eligible to participate annually in the Company's LTIP on the same basis as other participants in the LTIP. The degree to which Mr. Odell participates in the LTIP is determined annually by the board of directors of the Company.

For 2005, Mr. Odell received a base salary of \$450,000, which is at the level specified in his employment agreement. Mr. Odell received a cash bonus of \$404,493, based on the Company's quarterly EBIT performance and annual distributable cash targets for 2005. Mr. Odell received an LTIP grant in 2005 of \$84,548.

APPENDIX “A”
STATEMENT OF
CORPORATE GOVERNANCE PRACTICES

Overview

The Fund is committed to a high standard of corporate governance practices. The Board of Trustees supports the Fund’s efforts to align with the recommendations currently in effect and contained in *National Policy 58-201: Corporate Governance Practices* (“NP 58-201”), which are addressed below.

Over the past several years there have been various initiatives by securities regulatory authorities, institutional investors and stock exchanges to enhance the standards of corporate governance within public companies. These initiatives have addressed corporate governance issues generally and, in particular, issues related to accounting controls, disclosure standards, board oversight, appropriate management incentives, board independence and other matters. Effective June 30, 2005, Canadian securities regulatory authorities adopted *National Instrument 58-101: Disclosure of Corporate Governance Practices* (“NI 58-101”) and NP 58-201 with the objective of providing greater transparency to Canadian capital markets regarding public entity corporate governance practices. The Board of Trustees will continue to monitor developments in this area carefully, and will respond appropriately to any future changes.

The Fund is a limited purpose trust established to invest in and otherwise deal with securities of the Company and its subsidiaries and other entities involved, directly or indirectly, in the Company’s business. The Fund also carries on certain other activities permitted by the Declaration of Trust. The Fund does not carry on any active business and the powers of the Trustees relate only to the assets and activities of the Fund and are limited to those matters set out in the Declaration of Trust. During 2005, the board of directors of the Company (the “Board of Directors”) supervised the management of the business and affairs of the Company. During 2005, the trustees of the Fund and the directors of the Company were the same individuals.

The mandate of the Board of Trustees is described below under “Board of Trustees – Board Mandate”. The mandate of the Board of Directors includes the following responsibilities:

- the adoption of a strategic planning process
- the identification of the principal risks of the Company’s business and ensuring the implementation of appropriate systems to manage these risks
- succession planning, including appointing, training and monitoring senior management
- a communications policy
- the integrity of internal controls and management information systems

Board Of Trustees

Board Mandate

The Board of Trustees assumes stewardship of, and recognizes that it is ultimately responsible for, ensuring that the affairs of the Fund are managed properly to protect and enhance Unitholder value. For the year ended December 31, 2005, the Trustees discharged their responsibilities directly and through the Audit Committee and the Compensation Committee. Among its duties and responsibilities, the Board:

- oversees the formulation of long-term strategic, financial and organizational plans of the Fund and monitors performance in accordance with those plans, which includes acting for, voting on behalf of and representing the Fund as a shareholder and noteholder of the Company
- assesses the principals risks of the Fund’s investments and ensures appropriate systems are in place to manage those risks
- approves distributions of distributable cash flow of the Fund

- voting in favour of the Fund's nominees to serve as directors of the Company
- oversees the communications policy of the Fund and reviews and, where necessary, approves (directly or through one of the Board committees) material disclosure documents of the Fund, such as annual and quarterly financial statements, MD&A, management proxy circulars for annual meetings and annual information forms

In addition, the Board of Trustees has adopted a written Charter, a copy of which is attached as Appendix "B" to this Circular.

Board Composition and Independence

The Board is composed of five trustees, a number considered appropriate for facilitating effective dialogue and decision-making. Four (or 80%) of the Fund's trustees are considered independent under NI 58-101, namely, Messrs. Fotheringham, Greenhough, Ridout and Spencer. The composition of the board of trustees of the Fund and the board of directors of the Company are identical.

The remaining trustee of the Fund, David Odell, is not independent under NI 58-101 by virtue of his relationship with the Fund. Mr. Odell is the President and Chief Executive Officer of the Company. A majority of the Trustees are considered independent within the meaning of NI 58-101.

The Board elects from its ranks a chairperson to preside at all meetings of the Board. Derek Ridout, an independent trustee, was appointed as Chairman of the Fund in December, 2004 and continued to act in such capacity throughout fiscal year 2005.

None of the Fund's unitholders have the right to appoint a Trustee.

Outside Trusteeships

The following Trustees also held other reporting issuer trusteeships or directorships as set out below:

Trustee	Reporting Issuer
Derek Ridout	Richards Packaging Income Fund Shoppers Drug Mart Corporation Saxon Financial Inc.

Note:

- (1) The units of Richards Packaging Income Fund, the common shares of Shoppers Drug Mart Corporation and the common shares of Saxon Financial Inc. are listed on the Toronto Stock Exchange.

The Board of Trustees has established procedures to enable it to facilitate open and candid discussion among the independent trustees and is satisfied that it can exercise independent judgment in carrying out its responsibilities. These include:

- the Chairman of the Board of Trustees, Mr. Derek Ridout, is an independent trustee and has a primary function to facilitate the operations and deliberations of the Board and the satisfaction of the Board's responsibilities under its Charter
- the Board of Trustees meets on a regular basis with the Chief Executive Officer of the Company and without other management of the Company present, and it also meets from time to time without the Chief Executive Officer

Board Meeting Attendance

Since December 21, 2004 (the date of completion of the Fund's initial public offering), the Trustees have attended meetings of the Board and meetings of committees of the Board as set out below:

Trustee	Board Meetings Attended⁽¹⁾	Committee Meetings Attended⁽²⁾

Notes:

(1) In 2005, the Board of Trustees held a total of nine meetings.

(2) Includes meetings of the Compensation Committee of the board of directors of the Company. In respect of each Trustee/Director, the number of committee meetings attended is shown relative to the maximum number of committee meetings that such Trustee/Director was eligible to attend based on such Trustee's/Director's committee membership and tenure as a trustee of the Fund or director of the Company, as applicable. In 2005, the total number of eligible meetings of committees of which Messrs. Fotheringham, Ridout and Spencer were members was six and the total number of eligible meetings of committees of which Mr. Greenhough was a member was four.

Committees of the Board of Trustees and the Board of Directors

The Board of Trustees and the Board of Directors each discharges its responsibilities directly, on the advice and recommendations of its committees. The Board of Trustees has established two standing committees and delegates certain of its responsibilities to each of the committees. The board of directors of the Company has established a compensation committee and delegates certain of its responsibilities to that committee. In each case, the committee is mandated to report to the relevant board and to carry out certain responsibilities. However, all decisions, recommendations and proposals require full board acceptance. Each of the board of trustees of the Fund and the board of directors of the Company has approved a Charter that governs the committees of the board.

The two standing committees of the Board of Trustees are the Audit Committee and the Corporate Governance Committee. The Board of Directors has established an Audit Committee and a Compensation Committee. A brief summary of each committee's mandate is set out below.

Audit Committee

The members of the Fund's Audit Committee are Thomas R. Spencer (Chair), Ron Fotheringham and John Greenhough. All of the members of the Audit Committee are independent within the meaning of Multilateral Instrument 52-110 – Audit Committees. - periodically reviewing the composition and effectiveness of the board and committees of the board and the contribution of individual trustees
- reviewing Trustee compensation and the Fund's trustee's and officer's insurance and indemnification procedures

To date, it has not been necessary to fill any vacancies on the Board of Trustees. In the event of a vacancy, the Governance Committee intends to identify new nominees who have expertise in an area of strategic importance to the Fund, a willingness to serve on the Board of Trustees and any of its committees, and the ability to devote sufficient time to Board service.

In determining Trustee compensation, the Governance Committee takes into account Trustees' time commitment, trustee compensation offered by other income funds of similar size, operations and market capitalization, and the risks and responsibilities that the Trustees assume in fulfilling their duties on the Board and any committee of the Board.

The Governance Committee is also responsible for adopting and periodically reviewing and updating the Fund's written disclosure policy. This policy, among other things:

- provides guidelines regarding the disclosure of forward-looking information

- establishes "black-out" periods, immediately prior to and following the disclosure of quarterly and annual financial results and immediately prior to the disclosure of certain material changes during which the Fund, its affiliated entities and their respective trustees, directors, officers, employees and consultants may not purchase or sell Units

The Chief Executive Officer's objectives are discussed annually with the Compensation Committee

Orientation and Continuing Education

The Fund provides new trustees with access to the Chief Executive Officer of the Company and all other senior management of the Company to provide each trustee with an understanding of the Fund and its investment in the Company. The chairman of the Board of Trustees reviews with new trustees the role of the Board, its committees and its trustees, the expectations of each member, including the rules and regulations with regard to the trading of the securities of the Fund. Updates on the Fund's investment and activities are provided to Trustees on a regular basis to ensure that Trustees have the necessary knowledge concerning the Fund's investment to meet their obligations as Trustees. All Trustees are also encouraged to visit the Fund's facilities with a view to enabling them to better understand the Company's business.

Ethical Business Conduct

As part of the Fund's commitment to effective corporate governance, all Trustees and all directors, officers and employees of the Company must act in accordance with the Company's Business Conduct Guidelines. The Guidelines which have been adopted by the Board of Trustees, require every Trustee and every director, officer, and employee of the Company to observe high standards of business and personal ethics as they carry out their duties and responsibilities. The Guidelines set forth policies and procedures which comprise the core principles applicable to all, and address ethical conduct, conflicts of interest and compliance with the law. The Guidelines are administered by the Board of Trustees in respect of the Fund and by the Compensation Committee of the Board of Directors in respect of the Company. The Compensation Committee oversees and monitors the Guidelines and reports to the Board of Directors on the implementation and monitoring of the Guidelines and all matters that arise related to their provisions, including any departures or waivers that are granted. Any person may obtain a copy of the Guidelines by written request to the Secretary of the Data Business Forms Limited, 9195 Torbram Road, Brampton, Ontario, Canada, L6S 6H2, telephone (905)-791-3151. The Board of Trustees and the Board of Directors also ensure that Trustees and Directors, as applicable, exercise independent judgment in consideration of transactions in respect of which a Trustee or executive officer, as applicable, has a material interest by requiring all Trustees and executive officers to adhere to the declaration of conflict of interest requirements mandated by the Declaration of Trust.

Board and Committee Assessments

The chairman of the Board of Trustees is responsible for the effective operation of the Board and its committees. Issues regarding quality of information and Board performance have been reviewed at Board meetings. In addition, the chairman has made himself available at all times for discussions with individual Board members regarding Board performance. In carrying out his responsibilities, the chairman also reviews the contributions of its individual Trustees and considers whether the current composition of the Board promotes effectiveness and efficiency in its decision-making. The Fund completed its initial public offering in December 2004. With the Fund having now completed a full fiscal year as a public entity, the Board intends to be formally assessed in 2006. In 2006 and going forward, on an annual basis, the Corporate Governance Committee will informally assess the effectiveness of the Board, each of its committees and each individual Trustee relative to (i) in the case of the Board and each committee of the Board, their roles and responsibilities and the Board or committee's mandate, as applicable, and (ii) in the case of individual Trustees, the applicable position description, as well as the competencies and skills that each individual Trustee is expected to bring to the Board.
